## ANNUAL MANAGEMENT REPORT OF FUND PERFORMANCE

for the financial year ended December 31, 2015

Sun Life MFS Global Growth Fund

I L L U M I N A T I N G

# Sun Life MFS Global Growth Fund

*This annual management report of fund performance contains financial highlights but does not contain the complete financial statements of the investment fund. You can request a free copy of the annual financial statements by calling 1-877-344-1434, by sending an email to us at [info@sunlifeglobalinvestments.com](mailto:info@sunlifeglobalinvestments.com) or by writing to us at Sun Life Global Investments (Canada) Inc., 150 King Street West, Toronto, Ontario, M5H 1J9. Our financial statements are available on our website at [www.sunlifeglobalinvestments.com](http://www.sunlifeglobalinvestments.com) and on SEDAR at [www.sedar.com](http://www.sedar.com). All of the financial information is calculated based on the pricing Net Asset Valuation for the investment fund, unless otherwise stated.*

*Unitholders may also contact us using one of these methods to request a copy of the investment fund's proxy voting policies and procedures, proxy voting disclosure record or quarterly portfolio disclosure.*

## MANAGEMENT DISCUSSION OF FUND PERFORMANCE

### Investment Objective and Strategies

The fundamental investment objective of Sun Life MFS Global Growth Fund (the "Fund") is to seek capital appreciation by investing primarily in equity securities of issuers located anywhere in the world that are considered to have above-average earnings growth potential compared to other issuers.

The Fund's sub-advisor is MFS Institutional Advisors, Inc. ("MFS"). MFS uses a bottom-up investment approach to select investments primarily based on fundamental analysis of issuers and their potential in light of their current financial condition and industry position, as well as market, economic, political and regulatory conditions. Other factors considered are earnings, cash flows, competitive position and management ability of the issuers. The Fund may invest in securities of issuers located anywhere in the world, including those in emerging markets.

### Risk

There were no changes in the Fund's investment objective or strategy during the period which materially impacted the overall level of risk in the Fund. The risks associated with investing in the Fund remain as outlined in the Fund's Simplified Prospectus.

### Results of Operations

During the period, the net asset value of the Fund increased from \$45.5 million to \$63.2 million. The increase in net asset value was due to positive net sales, as well as positive performance in the period.

During the period, the Fund returned 15.7% for Series A units. This result trailed the Fund's benchmark, the MSCI AC World C\$ Index, which returned 17.1%. The performance returns for other series of this Fund are similar to those of Series A except for differences in expenses structures. Please refer to 'Past Performance' section of this report for performance of each series.

Stock selection in the Consumer Discretionary sector was a negative factor for performance relative to the benchmark.

Not owning shares of internet retailer Amazon held back relative results. The Fund's overweight positions in global media company Twenty-First Century Fox and luxury goods retailer Burberry Group (United Kingdom) also weakened relative returns.

Stock selection in the Consumer Staples sector was another area of relative weakness. The Fund's overweight position in food and beverage producer Want Want China Holdings (China) was a notable detractor from relative performance.

In other sectors, the Fund's positions in global industrial manufacturing and engineering company Colfax and integrated industrials company Rolls-Royce Holdings (United Kingdom) weakened relative performance as both companies underperformed the benchmark during the reporting period. The Fund's overweight positions in financial services company Credicorp (Peru), investment management firm Franklin Resources and facilities maintenance products supplier W.W. Grainger also detracted from relative returns.

The Fund's cash and/or cash equivalents position during the period also weakened relative performance. Under normal market conditions, the Fund strives to be fully invested and generally holds cash to buy new holdings and to provide liquidity. In a period when equity markets rose, as measured by the Fund's benchmark, holding cash hurt performance versus the benchmark, which has no cash position.

Stock selection in the Information Technology sector was a positive factor for relative performance. The Fund's overweight positions in management consulting firm Accenture and internet search giant Alphabet strengthened relative performance as both companies outperformed the benchmark during the reporting period.

The combination of stock selection and an underweight position in the poor-performing Energy sector was another area of relative strength. There were no individual securities within this sector that were among the Fund's top relative contributors.

Elsewhere, the Fund's overweight positions in credit information solutions company Equifax, global payments technology company Visa, automotive replacement parts distributor AutoZone, life sciences supply company Thermo Fisher Scientific, alcoholic and non-alcoholic beverages producer Carlsberg (Denmark) and natural ingredients producer Chr. Hansen Holding (Denmark) contributed to

# Sun Life MFS Global Growth Fund

---

relative performance. Shares of banking firm HDFC Bank (India) and an underweight position in poor-performing railroad and freight transportation services provider Union Pacific also benefited relative results.

## Recent Developments

Sluggish global growth weighed on both developed and emerging market (“EM”) economies during the year. EM economies have been particularly lackluster. While the U.S. Federal Reserve began raising interest rates at the end of the year, other large developed economies continued to keep interest rates low, particularly the European Central Bank and the Bank of Japan. Focus remained on China after policy missteps by the Chinese government shook up global markets over the summer, beginning with the uncoordinated response to the stock market’s boom and bust and then the decision to devalue the renminbi in August. China subsequently ramped up a wide range of monetary and fiscal measures to stimulate the economy and boost sentiment. Its economy appeared to stabilize late in the period. Also at the end of the period, the Chinese renminbi was granted reserve currency status by the International Monetary Fund (“IMF”), which announced its inclusion in the IMF’s Special Drawing Rights currency basket effective October 1, 2016.

During the second half of the year, the U.S. faced an earnings recession caused primarily by the sharp decline in the prices of oil and other commodities. Earnings contractions were concentrated primarily in the Energy, Materials and Industrial sectors. An additional challenge for earnings was the sharp rise in the U.S. dollar over the period. Exports were depressed by the dollar’s strength and falling demand in emerging markets. Consumer spending held up well during the second half of year amid a modest increase in real wages and a boost from falling gasoline prices. Demand for autos reached near-record highs late in the period. In emerging markets, two key factors weighed on economies and asset prices: weaker Chinese growth, and the resulting decline in commodity prices, in addition to expectations for higher U.S. interest rates. Structural factors like floating exchange rates and fiscal buffers partially offset these cyclical headwinds.

## Related Party Transactions

Sun Life Global Investments (Canada) Inc. (the “Manager”) is the manager, trustee and portfolio manager of the Fund.

The Manager is responsible for the provision of all general management and administrative services required by the Fund in its day-to-day operations, including providing or arranging for the provision of investment advice, bookkeeping, recordkeeping and other administrative services for the Fund.

As trustee, the Manager holds legal title to the Fund’s investments in trust for unitholders. For its services, the

Manager receives a management fee that is calculated as a percentage of the average net asset value of the Fund. This fee is calculated daily and payable monthly.

As portfolio manager, the Manager is responsible for managing the investment portfolio of the Fund directly or through sub-advisors. The Manager has retained MFS Institutional Advisors, Inc. (“MFS”), an affiliate, to act as a sub-advisor for the Fund.

The Manager is an indirect wholly owned subsidiary of Sun Life Financial Inc., which also has an indirect majority ownership interest in MFS.

## Fund Administrative Expenses

The Manager pays certain of the operating expenses of each Fund (the “Administration Expenses”) in return for a fixed administration fee paid to the Manager by each Fund (“Administration Fee”). The Administration Fee is based on the net asset value of each series of the Fund. The Administration Expenses include, but are not limited to, record keeper fees, accounting, audit and legal fees, bank and interest charges, safekeeping and custodial fees, taxes, administrative and systems costs, costs of reports to investors, prospectuses and other disclosure documents, regulatory filing fees (including those incurred by the Manager) and trustee fees for registered plans. The amount of this charge is disclosed as a fund administrative expense in the Fund’s Statement of Comprehensive Income found in the annual financial statements (audited).

Each Fund also pays certain operating expenses directly (the “Fund Costs”). Fund Costs include: borrowing costs incurred by the Fund from time to time; costs in connection with portfolio transactions; fees and expenses payable to or in connection with the Fund’s Independent Review Committee (“IRC”); taxes payable by the Fund; and the costs of complying with any new regulatory or legal requirement imposed on the Fund. Each Fund allocates Fund Costs proportionately among its series of units. The Fund Costs that are specific to a series of units are allocated to that series. These amounts are paid out of the assets attributed to each series of units of the Fund, which reduces the return you may receive.

## Series Description

The Fund offers the following series of units: A, T5, T8, E, EF, D, F, I and O. The date of creation for Series A, F, and I units was October 1, 2010, the date of creation for Series D units was November 1, 2012, the date of creation for Series T5 and T8 units was September 1, 2011, the date of creation for Series E and O units was April 1, 2014 and the date of creation for Series EF units was August 10, 2015.

Series A, T5 and T8 units are available to all investors.

# Sun Life MFS Global Growth Fund

Series T5 and T8 units are designed to provide investors with a fixed monthly distribution based on a target annualized distribution rate of 5% and 8%, respectively, of the net asset value per unit of the relevant series at the end of the prior year.

Series D units are only available for purchase by existing investors who held Class D units of the Fund on March 30, 2012. Investors may switch their Series D units of one fund into Series D units of another Sun Life Global Investments Mutual Fund, but may not switch units of another series into Series D units. Once a Series D investor no longer owns any Series D units, the investor may not purchase additional Series D units. In addition, Series D units may be switched into any other series (if available), if the investor meets the applicable requirements for those series.

Series E units are available to investors through the Private Client program and must be purchased through a Private Client account. Investors in Series E units are eligible for management fee reductions, if any, based on the value of Series E units held in their Private Client account. Any management fee reduction will be paid to investors as a fee distribution by the Fund, which will be reinvested in additional Series E units. As announced on December 15, 2015, in connection with changes to the Private Client Program, all Series E units will be re-designated as Series A units on February 5, 2016. Please refer to the Fund's simplified prospectus for more details about the captioned change and for details about the Private Client Program.

Series EF units are available to investors through the Private Client program and only available to investors who have a Private Client fee-based account with their dealer and whose dealer has signed an agreement with the Manager. Series EF units must be purchased through a Private Client fee-based account. Instead of paying sales charges, investors buying Series EF units pay fees to their dealer for investment advice and other services. Investors in Series EF units are eligible for management fee reductions, if any, based on the value of Series EF units held in their Private Client fee-based account, which management fee reduction will be paid to the investors by reinvesting in additional Series EF units. The Manager does not pay any commissions to dealers in respect of Series EF units. As announced on December 15, 2015, in connection with changes to the Private Client Program, all Series EF units will be re-designated to Series F units on February 5, 2016. Please refer to the Fund's simplified prospectus for more details about the captioned change and for details about the Private Client Program.

Series F units are available to investors who have a fee-based account with their dealer and whose dealer has signed an agreement with the Manager. Instead of paying sales charges, investors buying Series F units pay fees to their dealer for investment advice and other services. The Manager does not

pay any commissions to dealers in respect of Series F units, so the Manager can charge a lower management fee.

Series I units are special purpose securities that are currently only available to other mutual funds and eligible institutional investors. Series I units are not sold to the general public. Each Series I investor negotiates its own management and advisory fee that is paid directly to the Manager.

Series O units are available to investors through the Private Client program and must be purchased through a Private Client account. Each Series O investor pays a management fee directly to the Manager and is eligible for management fee reductions, if any, based on the value of Series O units held in the investor's Private Client account. Series O management fees are paid, after subtracting any management fee reductions, by a redemption of Series O units in the investor's account.

## FINANCIAL HIGHLIGHTS

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund's financial performance from the date of inception to December 31, 2015.

Trading expense ratio (%) <sup>(3)</sup>	0.08	0.10
Portfolio turnover rate (%) <sup>(4)(5)</sup>	38.47	25.30
Net asset value per unit (\$) <sup>(1)</sup>	12.11	10.62

- <sup>(1)</sup> This information is provided as at December 31 of the period shown, as applicable.
- <sup>(2)</sup> Management expense ratio is based on total expenses (excluding broker commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of daily average Net Asset Value during the period. Prior to 2015, the Manager of the Fund waived some of its management fees and/or absorbed some expenses that would normally be charged to the Fund.
- <sup>(3)</sup> The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average Net Asset Value during the period.
- <sup>(4)</sup> The Fund's portfolio turnover ratio indicates how actively the Fund's portfolio manager manages its portfolio investments. A portfolio turnover ratio of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher a Fund's portfolio turnover ratio in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high portfolio turnover rate and the performance of the Fund.
- <sup>(5)</sup> Percentages are annualized.
- <sup>(6)</sup> 2015, 2014 and 2013 figures are prepared in accordance with IFRS. Prior to 2013, comparatives are prepared in accordance with Canadian GAAP.

# Sun Life MFS Global Growth Fund

## Management Fees

The annual maximum management fee paid by the Fund is a percentage of the average daily net asset value of each series exclusive of any applicable taxes and operating expenses, which is accrued daily and is paid to the Manager monthly in arrears. Management fees pay for portfolio and investment advisory services, oversight of any service providers, marketing and promotional activities, arranging for the distribution and sale of securities of the Fund, general administration of fund operations and sales and trailing commissions paid to dealers.

The percentages and major services paid for out of the management fees are set out below:

	Maximum Annual Management Fee Rate (%)	As a Percentage of Management Fees	
		Dealer Compensation (%) <sup>1</sup>	General Administration, Investment Advice and Profit (%)
Series A Units	2.00	39	61
Series T5 Units	2.00	26	74
Series T8 Units	2.00	45	55
Series D Units	1.25	9	91
Series E Units	2.00	46	54
Series EF Units	1.00	—	100
Series F Units	1.00	—	100
Series I Units	—	—	—
Series O Units <sup>2</sup>	1.00	—	100

<sup>1</sup> Includes sales and trailing commissions.

<sup>2</sup> Series O management fees are not paid by the fund. Series O investors pay management fees directly to the manager.

## PAST PERFORMANCE

The indicated rates of return are the historical annualized and annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. Mutual funds are not guaranteed. How a fund performed in the past does not necessarily indicate how it will perform in the future.

## Year-by-Year Returns

The following bar chart shows the Fund's annual performance for the period shown. The chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the last day of each period.

Series A Units – Annual return for the periods ended December 31, 2015

Series T5 Units – Annual return for the periods ended December 31, 2015

Series T8 Units – Annual return for the periods ended December 31, 2015

Series D Units – Annual return for the periods ended December 31, 2015

# Sun Life MFS Global Growth Fund

Series E Units – Annual return for the periods ended December 31, 2015

Series I Units – Annual return for the periods ended December 31, 2015

Series EF Units – Annual return for the periods ended December 31, 2015

Series O Units – Annual return for the periods ended December 31, 2015

Series F Units – Annual return for the periods ended December 31, 2015

\* for the period of October 1, 2010 to December 31, 2010

## Annual Compound Returns

The following table compares the historical annual compound total returns of Series A, T5, T8, D, E, F, I and O units of the Fund with the MSCI AC World C\$ Index.

The MSCI AC World C\$ Index is a free float-adjusted market capitalization weighted index that is designed to measure the equity market performance of developed and emerging markets.

The Series A units underperformed the benchmark since inception, over the past five years, over the past three years and over the past year.

	1 Year	3 Year	5 Year	10 Year	Performance Start Date <sup>(1)(2)(3)(4)(5)</sup>
Sun Life MFS Global Growth Fund – Series A	15.7%	18.3%	12.5%	N/A	13.2%
Sun Life MFS Global Growth Fund – Series F	16.9%	19.6%	13.7%	N/A	14.4%
Sun Life MFS Global Growth Fund – Series I	18.5%	21.1%	15.2%	N/A	15.9%
MSCI AC World C\$ Index	17.1%	20.3%	13.4%	N/A	13.9%
Sun Life MFS Global Growth Fund – Series E	15.7%	N/A	N/A	N/A	13.4%
Sun Life MFS Global Growth Fund – Series O	18.3%	N/A	N/A	N/A	16.0%
MSCI AC World C\$ Index	17.1%	N/A	N/A	N/A	14.4%
Sun Life MFS Global Growth Fund – Series T5	15.8%	18.3%	N/A	N/A	16.2%
Sun Life MFS Global Growth Fund – Series T8	15.7%	18.3%	N/A	N/A	16.2%
MSCI AC World C\$ Index	17.1%	20.3%	N/A	N/A	17.3%
Sun Life MFS Global Growth Fund – Series D	16.7%	19.3%	N/A	N/A	20.0%
MSCI AC World C\$ Index	17.1%	20.3%	N/A	N/A	20.3%

<sup>(1)</sup> The performance start date for Series A, F, and I units was October 1, 2010.

<sup>(2)</sup> The performance start date for Series T5 and T8 units was September 1, 2011.

<sup>(3)</sup> The performance start date for Series D units was November 1, 2012.

<sup>(4)</sup> The performance start date for Series E and O units was April 1, 2014.

<sup>(5)</sup> Performance for Series EF units is not shown as Series EF has not been distributed under a simplified prospectus for 12 months.

## Forward-Looking Statements

*This management report of fund performance may contain forward-looking statements about the Fund, including its strategy, results of operations, performance and condition. Forward-looking statements include statements that are predictive in nature, or that depend upon or refer to future events or conditions. They are based on current beliefs, expectations and projections about future events and are inherently subject to, among other things, risks, uncertainties and assumptions about the Fund and various economic factors. Many factors could cause the Fund's actual results, performance or achievements to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements. These factors could include, among other things, general economic, political and market factors, including interest and foreign exchange rates, business competition, technological changes, changes in government regulations or in tax laws. Although the forward-looking statements contained in this report are based upon what management currently believes to be reasonable assumptions, the Manager cannot assure current or prospective investors that actual results, performance or achievements will be consistent with these forward-looking statements. The words "may", "could", "would", "should", "believe", "plan", "anticipate", "expect", "intend", "forecast", "objective", and similar expressions are intended to identify forward-looking statements.*
