## ANNUAL MANAGEMENT REPORT OF FUND PERFORMANCE

for the financial year ended December 31, 2015

Sun Life Sentry Conservative Balanced Fund

I L L U M I N A T I N G

# Sun Life Sentry Conservative Balanced Fund

*This annual management report of fund performance contains financial highlights but does not contain the complete financial statements of the investment fund. You can request a free copy of the annual financial statements by calling 1-877-344-1434, by sending an email to us at [info@sunlifeglobalinvestments.com](mailto:info@sunlifeglobalinvestments.com) or by writing to us at Sun Life Global Investments (Canada) Inc., 150 King Street West, Toronto, Ontario, M5H 1J9. Our financial statements are available on our website at [www.sunlifeglobalinvestments.com](http://www.sunlifeglobalinvestments.com) and on SEDAR at [www.sedar.com](http://www.sedar.com). All of the financial information is calculated based on the pricing Net Asset Valuation for the investment fund, unless otherwise stated.*

*Unitholders may also contact us using one of these methods to request a copy of the investment fund's proxy voting policies and procedures, proxy voting disclosure record or quarterly portfolio disclosure.*

## MANAGEMENT DISCUSSION OF FUND PERFORMANCE

### Investment Objectives and Strategies

The Sun Life Sentry Conservative Balanced Fund (the "Fund") seeks to provide stable income and long-term capital appreciation primarily by investing directly in a conservative diversified portfolio of Canadian fixed-income and income-oriented equity securities or indirectly by investing in mutual funds that invest in such securities.

The Fund's sub-advisor is Sentry Investments Inc. (the "sub-advisor"). In pursuing the Fund's investment objectives, the sub-advisor seeks to take a flexible approach to investing primarily in fixed income and income-oriented equity securities. From an equity perspective, the sub-advisor analyzes balance sheet strength, free cash flow, profitability, quality of management and capital allocations. From a fixed income perspective, the sub-advisor conducts top-down macroeconomic analysis, and bottom-up credit research with the aim to maintain an average credit rating of "A" or better.

### Risk

There were no changes in the Fund's investment objective or strategy during the period which materially impacted the overall level of risk in the Fund. The risks associated with investing in the Fund remain as outlined in the Fund's Simplified Prospectus.

### Results of Operations

The Fund has a performance inception date of February 2, 2015. The period covered in this report is from the inception date to December 31, 2015. The net asset value of the Fund increased from \$0.2 million to \$7.1 million at the end of the period. The increase in net asset value was attributable to positive net sales, partially offset by negative performance during the period.

During the period, the Fund returned -5.8% for Series A units. This result trailed the Fund's blended benchmark (50% S&P/TSX Capped Composite Index and 50% FTSE TMX Canada Universe Bond Index), which returned -4.9%. The performance returns for other series of this Fund are similar to those of Series A except for differences in expense

structures. Please refer to the 'Past Performance' section of this report for performance of each series.

The sub-advisor evaluates the Fund's investments on a stock-by-stock level. As a result, sector weights or shifts are not necessarily indicative of a particular opinion (or change of opinion) on that sector, and sector weights are merely the result of security selection. As cash was deployed over the period, the largest sector weights in the equity portion of the Fund were to the Energy and Real Estate sectors at 9.0% and 4.8%, respectively. Within the fixed income portion of the Fund, there was a sizeable allocation to federal bonds, with a weight of 22.2%. The cash weighting in the Fund was 9.6% at the end of the period, allowing the sub-advisor sufficient flexibility to take advantage of opportunities as they emerged.

### Recent Developments

The Canadian economy struggled during 2015, as reduced global demand and subsequent low prices for oil, natural gas and other commodities led to two consecutive quarters of economic contraction beginning in the second quarter. The effect of low commodity prices took a toll on western Canada in particular as companies were forced to slash capital expenditures, and consumer confidence levels fell. Typically, low commodity prices lead to a weak Canadian dollar, which, in turn, leads to a surge in manufacturing and exports from central Canada. However, this economic counterbalance failed to materialize this time around, prompting the Bank of Canada to lower its overnight rate twice in 2015.

In the U.S., worries of an economic slowdown and headwinds to global growth caused the stock market to remain range-bound during the year. Then a sharp drop in the Shanghai Stock Exchange started a market rout that traveled the globe. Markets briefly righted themselves towards the end of August, but investor sentiment remained negative – in spite of positive economic indicators – and markets remained volatile through to the end of the year. The year ended with a widely anticipated 25 basis point increase in interest rates by the U.S. Federal Reserve. This was interpreted as a sign of confidence in the U.S. economy and marked the end of a seven-year period of government intervention in the financial markets.

## Related Party Transactions

Sun Life Global Investments (Canada) Inc. (the “Manager”) is the manager, trustee and portfolio manager of the Fund.

The Manager is responsible for the provision of all general management and administrative services required by the Fund in its day-to-day operations, including providing or arranging for the provision of investment advice, bookkeeping, recordkeeping and other administrative services for the Fund.

As trustee, the Manager holds legal title to the Fund’s investments in trust for unitholders. For its services, the Manager receives a management fee that is calculated as a percentage of the average net asset value of the Fund. This fee is calculated daily and payable monthly.

As portfolio manager, the Manager is responsible for managing the investment portfolio of the Fund directly or through sub-advisors. The Manager has retained Sentry Investments Inc. to act as a sub-advisor for the Fund.

The Manager is an indirect wholly owned subsidiary of Sun Life Financial Inc.

## Fund Administrative Expenses

The Manager pays certain of the operating expenses of each Fund (the “Administration Expenses”) in return for a fixed administration fee paid to the Manager by each Fund (“Administration Fee”). The Administration Fee is based on the net asset value of each series of the Fund. The Administration Expenses include, but are not limited to, record keeper fees, accounting, audit and legal fees, bank and interest charges, safekeeping and custodial fees, taxes, administrative and systems costs, costs of reports to investors, prospectuses and other disclosure documents, regulatory filing fees (including those incurred by the Manager) and trustee fees for registered plans. The amount of this charge is disclosed as a fund administrative expense in the Fund’s Statement of Comprehensive Income found in the annual financial statements (audited).

Each Fund also pays certain operating expenses directly (the “Fund Costs”). Fund Costs include: borrowing costs incurred by the Fund from time to time; costs in connection with portfolio transactions; fees and expenses payable to or in connection with the Fund’s Independent Review Committee (“IRC”); taxes payable by the Fund; and the costs of complying with any new regulatory or legal requirement imposed on the Fund. Each Fund allocates Fund Costs proportionately among its series of units. The Fund Costs that are specific to a series of units are allocated to that series. These amounts are paid out of the assets attributed to each series of units of the Fund, which reduces the return you may receive.

## Series Description

The Fund offers the following series of units: A, T5, E, F, I and O. The date of creation for all series was February 2, 2015.

Series A and T5 units are available to all investors.

Series T5 are designed to provide investors with a fixed monthly distribution based on a target annualized distribution rate of 5% of the net asset value per unit of the relevant series at the end of the prior year.

Series E units are available to investors through the Private Client program and must be purchased through a Private Client account. Investors in Series E units are eligible for management fee reductions, if any, based on the value of Series E units held in their Private Client account. Any management fee reduction will be paid to investors as a fee distribution by the Fund, which will be reinvested in additional Series E units. As announced on December 15, 2015, in connection with changes to the Private Client Program, all Series E units will be re-designated as Series A units on February 5, 2016. Please refer to the Fund’s simplified prospectus for more details about the captioned change and for details about the Private Client Program.

Series F units are available to investors who have a fee-based account with their dealer and whose dealer has signed an agreement with the Manager. Instead of paying sales charges, investors buying Series F units pay fees to their dealer for investment advice and other services. The Manager does not pay any commissions to dealers in respect of Series F units, so the Manager can charge a lower management fee.

Series I units are special purpose securities that are currently only available to other mutual funds and eligible institutional investors. Series I units are not sold to the general public. Each Series I investor negotiates its own management and advisory fee that is paid directly to the Manager.

Series O units are available to investors through the Private Client program and must be purchased through a Private Client account. Each Series O investor pays a management fee directly to the Manager and is eligible for management fee reductions, if any, based on the value of Series O units held in the investor’s Private Client account. Series O management fees are paid, after subtracting any management fee reductions, by a redemption of Series O units in the investor’s account.

## FINANCIAL HIGHLIGHTS

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund’s financial performance from the date of inception to December 31, 2015.

## Sun Life Sentry Conservative Balanced Fund – Series O

|  | 2015    |
|--|---------|
| Total net asset value (\$) <sup>(1)</sup>                                | 383,588 |
| Number of units outstanding <sup>(1)</sup>                               | 41,407  |
| Management expense ratio after absorption (%) <sup>(2)</sup>             | 0.23    |
| Management expense ratio before waivers or absorption (%) <sup>(2)</sup> | 0.23    |
| Trading expense ratio (%) <sup>(3)</sup>                                 | 0.10    |
| Portfolio turnover rate (%) <sup>(4)(5)</sup>                            | 51.53   |
| Net asset value per unit (\$) <sup>(1)</sup>                             | 9.26    |

<sup>(1)</sup> This information is provided as at December 31 of the period shown, as applicable.

<sup>(2)</sup> Management expense ratio is based on total expenses (excluding broker commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of daily average Net Asset Value during the period. Prior to 2015, the Manager of the Fund waived some of its management fees and/or absorbed some expenses that would normally be charged to the Fund.

<sup>(3)</sup> The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average Net Asset Value during the period.

<sup>(4)</sup> The Fund's portfolio turnover ratio indicates how actively the Fund's portfolio manager manages its portfolio investments. A portfolio turnover ratio of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher a Fund's portfolio turnover ratio in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high portfolio turnover rate and the performance of the Fund.

<sup>(5)</sup> Percentages are annualized.

## Management Fees

The annual maximum management fee paid by the Fund is a percentage of the average daily net asset value of each series exclusive of any applicable taxes and operating expenses, which is accrued daily and is paid to the Manager monthly in arrears. Management fees pay for portfolio and investment advisory services, oversight of any service providers, marketing and promotional activities, arranging for the distribution and sale of securities of the Fund, general administration of fund operations and sales and trailing commissions paid to dealers.

The percentages and major services paid for out of the management fees are set out below:

|                             | Maximum Annual Management Fee Rate (%) | As a Percentage of Management Fees   |  |
|-----------------------------|--|--------------------------------------|--|
|                             |  | Dealer Compensation (%) <sup>1</sup> | General Administration, Investment Advice and Profit (%) |
| Series A Units              | 1.85                                   | 51                                   | 49   |
| Series T5 Units             | 1.85                                   | 49                                   | 51   |
| Series E Units              | 1.85                                   | 53                                   | 47   |
| Series F Units              | 0.85                                   | –                                    | 100  |
| Series I Units              | –                                      | –                                    | –  |
| Series O Units <sup>2</sup> | 0.85                                   | –                                    | 100  |

<sup>1</sup> Includes sales and trailing commissions.

<sup>2</sup> Series O management fees are not paid by the fund. Series O investors pay management fees directly to the manager.

## PAST PERFORMANCE

The indicated rates of return are the historical annualized and annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. Mutual funds are not guaranteed. How a fund performed in the past does not necessarily indicate how it will perform in the future.

## Year-by-Year Returns

The following bar chart shows the Fund's annual performance for the period shown. The chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the last day of each period.

### Series A Units – Annual return for the period ended December 31, 2015

# Sun Life Sentry Conservative Balanced Fund

Series T5 Units – Annual return for the period ended December 31, 2015

Series I Units – Annual return for the period ended December 31, 2015

Series E Units – Annual return for the period ended December 31, 2015

Series O Units – Annual return for the period ended December 31, 2015

Series F Units – Annual return for the period ended December 31, 2015

\* for the period February 2, 2015 to December 31, 2015

## Annual Compound Returns

The Fund has not been distributed under a simplified prospectus for twelve months; therefore, the Manager may not publish annual compound returns.

### Forward-Looking Statements

*This management report of fund performance may contain forward-looking statements about the Fund, including its strategy, results of operations, performance and condition. Forward-looking statements include statements that are predictive in nature, or that depend upon or refer to future events or conditions. They are based on current beliefs, expectations and projections about future events and are inherently subject to, among other things, risks, uncertainties and assumptions about the Fund and various economic factors. Many factors could cause the Fund's actual results, performance or achievements to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements. These factors could include, among other things, general economic, political and market factors, including interest and foreign exchange rates, business competition, technological changes, changes in government regulations or in tax laws. Although the forward-looking statements contained in this report are based upon what management currently believes to be reasonable assumptions, the Manager cannot assure current or prospective investors that actual results, performance or achievements will be consistent with these forward-looking statements. The words "may", "could", "would", "should", "believe", "plan", "anticipate", "expect", "intend", "forecast", "objective", and similar expressions are intended to identify forward-looking statements.*
